The 6 Steps of Data Collection

1. Predictions:

Predictions

- 1) I predict that more people will be born in Autumn than in any other season. (Sep, Oct, Nov)
- 2) I predict that most people will have at least 1 pet.
- 3) I predict that the average number of brothers and sisters will be 2.

2. Questionnaire:

Questionnaire

What gender are you? What month is your birthday? Jan Feb Mar Apr May Jun Jul Aug Sep Oct Nov Dec How many brothers and sisters do you have? How many pets do you have in your home? 0 1 2 3 4 >4

3. Data Collection Sheet:

Data Callection Shoot

| Data Collection Sheet | | | | | | | | | | |
|-----------------------|-------------|---------------------|---------------------|--|--|--|--|--|--|--|
| Gender | Birthday | Siblings | Pets | | | | | | | |
| (M or F) | (Jan - Dec) | (0, 1, 2, 3, 4, >4) | (0, 1, 2, 3, 4, >4) | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| | | | | | | | | | | |
| • | | | | | | | | | | |

4. Results Tables:

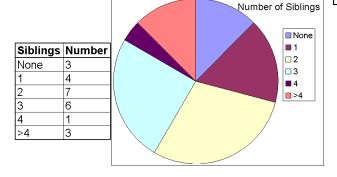

Tables of Results

Birthday People

6. Conclusions:

Conclusions

- 1) I conclude that Winter was the most popular season for birthdays.
- 2) I conclude that most people have 2 or more pets.
- 3) I conclude that the (modal) average number of siblings is 2.
